

H.B. 6355 OPPOSED

Dear Judiciary Committee,

I am writing to express my 100% OPPOSITION to H.B. 6355

The right to bear arms is a second amendment right. Why would you take away the citizens right to bear arms. If you are thinking of tragedies in CT as justification remember that gun was used by someone committing a crime. Remember criminals don't follow laws! The citizens of CT have used guns for centuries lawfully. Please stop penalizing the citizens due to criminals and their actions.

Thank you,
SABRINA
